The WES Mariam Assefa Fund seeks proposals to identify new ideas that can drive more inclusive employer practices in the U.S. And improve economic mobility for immigrants and refugees. You can read more about the issues we seek to address through this funding opportunity **here.** 

### 1. Key Terms

Below is how we define the following terms, found throughout these FAQs, in the context of this funding opportunity:

- Demand-driven employment: Training/employment programs built around employer and labor market needs with direct engagement of employers – to enable workers to more easily enter sectors that are growing and in need of workers to fill jobs.
- **Flexible funding**: Risk-tolerant grant funding that can shift as needed to test and demonstrate the impact of innovative, earlier stage, and/or less proven concepts. Flexible funding covers indirect costs and allow partners to make changes without submitting formal requests, while still working toward a strategic project goal.
- **Innovation**: To be innovative, your idea may include applying a new approach to a problem (or an existing approach in a new context), making a change in your practice to expand impact or reach, or creating a new product, tool, or framework.
- Lived or proximate experience: Personal knowledge about the communities their organization serves and direct experience or knowledge of the issues they seek to address.
- **Systems change**: Systems change is about addressing the root causes of social problems, which are often complex, interconnected, and a result of structures, power, and/or mental models. In the context of the Fund's work, one example of systems change work is addressing the ways in which educational and labor market systems contribute to discrimination against and the structural exclusion of immigrants and refugees who are looking for good jobs or seeking to advance in their careers. For those interested in delving into systems change, we encourage you to explore the **resources** developed by FSG.

### 2. Eligibility

### Who is eligible to apply for this funding opportunity?

You are eligible to apply if you are:

- A mission-driven organization (for-profit, non-profit 501(c)3, 4, or 6, or fiscally sponsored organization), whose work is aligned with at least one of the WES Mariam Assefa Fund's four impact goals:
  - Build the case for solutions that advance equitable economic mobility for immigrants and refugees
  - Deepen the bench of leaders from immigrant communities and communities of color
  - Accelerate the uptake of **worker-centered innovations**

- **Grow the movement** to foster welcoming, inclusive, and equitable workplaces and communities
- Registered and doing work in the U.S. or based outside of the U.S. but leading work in the U.S.
- Committed to ensuring immigrant and refugee workers can access good jobs, achieve their career goals, and participate in inclusive, equitable economies.
- An organization whose leadership team and staff reflect the communities you serve and bring lived experience from immigrant and refugee communities and communities of color.
- Not currently receiving funding from the WES Mariam Assefa Fund. Organizations with active grants are not eligible for this opportunity; however, organizations that previously submitted a funding application but were not selected and past grantee partners are welcome to apply.

Please note that if your organization submitted a Letter of Intent during the first round of this call for proposals, your organization is not eligible to apply again in this second round.

### We are looking for organizations that approach their work with:

- **A systems change mindset.** You consider how your work can lead to structural changes in the way employers are engaged in supporting economic mobility and quality jobs for immigrants and refugees.
- A learning orientation. You consider how the lessons from your work can be shared more broadly and impact the policies and/or practices of other service providers, training institutions, employers and policymakers.
- **Innovation.** You think about how to test new solutions or pivot existing solutions to improve employer practices, drive better employer engagement, and build more meaningful demand-led partnerships with employers.
- An intersectional lens. The way you design, implement, and evaluate your efforts seeks to meet the needs of workers facing multiple barriers to economic mobility, including racism, ableism, sexism, and other biases.
- **Centering workers' voices.** Your work is designed, implemented, and evaluated in partnership with workers and you actively seek to center their perspectives and priorities in your approach. You work with employers to ensure the voices of jobseekers and employees are reflected in workplace culture, talent practices, and business practices.

### What ideas fall outside of the scope of this funding opportunity?

We will not consider:

- Programs designed in isolation, without meaningful or worker employer engagement.
- One-off programs with limited potential for learnings that could be shared more broadly and lead to system change and/or replication.
- Research projects or convenings without actionable recommendations, dissemination, and stakeholder engagement activities.
- Scholarships and grants to individuals.

## How do you define "immigrant and refugee communities"? Do you place any restrictions on the population served?

The WES Mariam Assefa Fund takes an inclusive approach to defining immigrant and refugee communities, recognizing that the issues and barriers faced by new Americans are interconnected regardless of their legal status or background. We are open to receiving ideas that focus on specific immigrant populations without permanent status (e.g. undocumented immigrants, temporary workers, etc.)

#### My organization is faith-based. Can we apply?

Yes, 501(c)3-designated religious organizations are welcome to apply as long as the project is otherwise eligible.

#### My organization is a government entity. Can we apply?

Yes, as a partner organization, but not as a primary applicant. The primary applicant will still need to be a non-profit 501(c)3, 501(c)4, and 501(c)6, a mission-driven for-profit, or an individual or a group of individuals with a tax-exempt fiscal sponsor.

#### Can organizations outside the U.S. apply?

Yes, organizations that are based outside of the U.S. are eligible to apply; however, their proposal must focus on work to serve communities in the U.S.

## My organization already received a grant from the WES Mariam Assefa Fund. Can we apply?

Organizations with active grants with the WES Mariam Assefa Fund are not eligible.

# We previously applied for funding from WES Mariam Assefa Fund and were unsuccessful, can we still apply?

Yes!

## We used to be WES Mariam Assefa Fund grantee partner but no longer are. Can we still apply?

Yes!

### **3. Application Portal**

### [Updated] How do I submit an application?

This application portal for this funding opportunity is now closed. Letters of intent (LOIs) were accepted through November 15, 2021. **Subscribe to our email list** to be notified when the portal re-opens.

Once the application becomes available, it must be submitted through **SurveyMonkey Apply**, our online portal. **Paper applications and applications sent by email will not be accepted.** To help you prepare your application, you can preview the **application form**.

To be able to submit your application you will first need to create an account in SurveyMonkey Apply and complete all required tasks within your application. Additionally, you will need to ensure that you've verified your email.

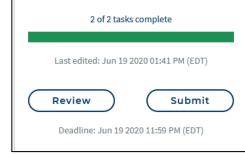

A Banner will appear within your portal until you've verified your account. Click to Send Verification Link and follow the instructions sent in the email.

#### Can we download the application questions?

If you do not have a SurveyMonkey Apply account, you can preview and download the **application form**.

If you have a SurveyMonkey Apply account, you may download the application itself before you submit or your responses to the application once you submit, if you want to keep it for your records.

Once you log into SurveyMonkey Apply and open your application, you will see three dots on the right of the page, right next to the word "Preview". If you hover over the three dots, you will see the "download" option (see screenshot below). Please note that certain multiple-choice questions might appear differently depending on the answer you provide.

### Do all browsers work well with SurveyMonkey Apply?

Yes, however Mozilla Firefox and Google Chrome offer a better site experience.

## How do I add additional members to Organizations and Applications in SurveyMonkey Apply?

Note: Only one person per organization should register for an account. This person is the Primary Administrator for that organization and will add additional members to their organization in SMApply. The Organization Primary Administrator can be changed once additional members are added to the organization.

### a. To add additional organization members to an organization

1. **Organization Primary Administrator** logs into SMApply and clicks on the 'Manage Organization' link in the upper right corner.

4. If the **Organization Primary Administrator** chooses the **'Notify member by email that they have been added'**, the new member will receive an email and a link to join SurveyMonkey Apply. If they are new to SurveyMonkey Apply, they will need to enter a username, which is the email address the invitation was sent to, and a password. If they already have an account, they can enter their existing credentials or click on 'Forgot your password?' link and follow the steps to setting a new password. In order for the new member to have access to an application, the **Organization Primary Administrator** needs to add them to the application (see below).

### b. To add additional members to an application

1. **Organization Primary Administrator** first adds an organization member. (see steps above for "To add additional organization members to an organization")

- 2. Organization Primary Administrator navigates to application.
- 3. On the left side, click on the button to 'Add Member or Team'

#### What do I do if I have further questions regarding SurveyMonkey Apply?

If you are having trouble logging into SurveyMonkey Apply, you can contact Zenia Dacio-Mesina at **zdaciomesina@wes.org** or the SurveyMonkey Apply helpdesk at **https://wes.smapply.io/helpdesk/**. You can also view SurveyMonkey Apply's Help Center article on **How to Request Login Assistance** for their requirements when requesting login assistance.

If you are logged into SurveyMonkey Apply, in the upper right corner of your screen is an Information icon. Click on that and a menu will appear which will provide three options.

### **4. Application Details**

### [Updated] When is the Employer Practices Letter of Intent due?

The application portal for this funding opportunity is now closed.

For the 2021 round of funding, the LOIs were due on July 7, 2021, by 11:59 pm Eastern Time. Notifications to applicants were sent by email in late August 2021 – either to decline funding or to provide instructions to submit a full proposal online.

For the 2022 round of funding, letters of intent (LOIs) were due on November 15, 2021, by 11:59 pm Eastern Time. Notifications to applicants will be sent by email in late February 2022 – either to decline funding or to provide instructions to submit a full proposal online.

### Will there be another opportunity to submit an LOI in 2022?

Yes, we are committed to sourcing applications through open calls featured on our site to diversify the way we find new ideas and meet potential partners. The themes for 2022 open application(s) have yet to be determined. News about new open calls for LOIs will be shared through our email distribution list.

#### Can an organization submit more than one application?

No, each organization should submit only one Letter of Intent at a time.

## What if our organization has multiple sites? Should we submit one application per site or one application for all sites?

You should submit one application for all the sites and indicate how funding would be distributed among the sites, if at all.

### Can we submit an application with another organization?

Yes. Organizations may – and are encouraged to – submit an application together. While the primary applicant must be a 501(c)(3) nonprofit organization, secondary applicants in a partnership may be any type of organization, including individuals.

However, if a partnering application receives an award, the award will be distributed to the primary applicant, who will serve as a single eligible entity that will have the legal responsibility and authority for the use of the award and that will exercise direction, control and supervision of the proposed project. Ask us if you have any questions!

#### Can a group of three or more entities apply in partnership?

Yes, assuming all other eligibility criteria are met.

### **5. Video Submission**

### The LOI form includes a video submission. Is this required?

No, the video is **completely optional** and is meant to reduce applicant burden and provide another way for applicants to tell us about themselves and share their vision in another format.

There is an *optional* question in the Letter of Intent form to share any other information not captured elsewhere in the application regarding your organization, initiative, community served, or anything else that you believe will help in our evaluation of your request. You can provide this information via text (300 words max) and/or via video. If you opt to make and submit a video, it should be brief (maximum 60 seconds) in which you introduce yourself and describe your initiative. Reviewers will review the videos for content, not for production value.

To be clear, this video is not expected to be of professional quality; we prefer seeing a new video made on a smartphone versus a higher quality video made for another purpose.

The video is **completely optional** and is meant to reduce applicant burden and provide another way for applicants to tell us about themselves and share their vision in another format.

**Can I submit a video instead of written responses to the application questions?** No. Although the video is optional, the written responses to the application questions are required.

I receive an "Unsupported format" error when I try to add a link to a YouTube video into my application form. How do I add a YouTube link to my application? Please be sure to add the full URL to SurveyMonkey Apply, and not the "share" or abbreviated video link (the abbreviated links will contain a "." inside of the word, i.e. "youtu.be"). The abbreviated video links will lead to the 'Unsupported format" error. To find the actual URL of your video, access the video on YouTube, copy the full link from the URL browser bar, and paste that into the application form.

### **6. Evaluation Criteria**

### What criteria will you look at to select funding recipients?

Applications will be reviewed using the following evaluation criteria:

- **Vision:** Does the initiative put forth a compelling vision for the advancement of immigrants and refugees?
- **Informed by Workers and Employers:** To what extent is the initiative informed by and responsive to the needs of employers, as well as the needs of immigrant and refugee workers?
- **Systems-change Impact:** What impact is the initiative striving to achieve and how timely is it? To what extent could this initiative contribute to systemic change?
- **Innovative:** Does the initiative propose a new or improved approach to addressing the challenge/problem identified?
- **Potential for Learning:** Would the initiative result in learnings useful for the field, including models for replicability and scale?
- **Partnership Orientation:** Does the team leading the initiative authentically and intelligently collaborate with partners, when appropriate, to increase the initiative's capacity, reach, and/or impact?
- **Implementation:** Do the initiative's leaders understand the key considerations and resources required to successfully execute the envisioned work?

### How will applications be evaluated and selected?

Applications will be reviewed during the timelines indicated below by Mariam Assefa Fund staff and our external review committee based on the selection criteria. Selected organization will then be invited to submit a more detailed application, including budget details, and meet virtually with Fund staff to discuss their proposals. Awards will be announced in mid-May 2022.

## 7. Key Dates

### [Updated] When can I expect to hear about the status of my application?

For our 2021 funding round (LOIs received between May 18 – July 7, 2021), LOI notifications - either to decline funding or to provide instructions to submit a full proposal online - were sent via email in late August 2021. For those invited to submit a full proposal, final funding notifications were sent in November.

For our 2022 funding round (LOIs received between September 21– November 15, 2021), LOI notifications will be sent via email in late February 2022. For those invited to submit a full proposal, final notifications will be sent in mid-May 2022.

### 8. Award

## What type of funding should I apply for - general operating support for my organization or funding for a specific program / project?

If the work of your organization as a whole is aligned with one of the focus areas of this funding opportunity, we will consider a request for general operating support. If the work of your organization is broader and you are seeking support for one of your organization's projects that is aligned with the focus areas of this funding opportunity, then you should request funding for that specific program/ project.

### What is the grant amount that my organization can expect to receive?

Most grants awarded through the open application will range from \$100,000 to \$150,000 for the whole duration of the project.

### What is the duration of the grant period and is there any flexibility?

Proposed time period for funding is one to two years. Projects that require longer than two years or less than one year are not eligible.

## What are the benefits of becoming a funding recipient of the WES Mariam Assefa Fund?

Organizations that receive funding will join our grantee partner community. Through our community of 30+ grantee and investee partners in the U.S. and Canada, we aim to share

resources and learnings, make connections, and provide capacity-building, technical assistance, and communications.

The Fund provides flexible funding for projects and general operating support for organizations that we fund.

#### What are the reporting requirements for funding recipients?

If your organization is approved for funding, you will discuss reporting requirements with the Fund staff. To date, we have not asked grantee partners to use a specific reporting template and have required partners to share two reports during the grant period: interim and final narrative and financial reports. Partners can repurpose reporting materials utilized for other funders. Any additional deliverables or reporting for the grant will be identified and agreed upon mutually by the funding recipient and Fund team. As part of our **equity**, **diversity**, **and inclusion efforts**, we will also collect optional demographic data from our partners.

### If you have additional questions, please reach out to fund@wes.org. We are happy to answer your questions and aim to respond to all inquiries within 48 hours. Questions submitted to fund@wes.org will also be added to this FAQ document on a weekly basis.
